Proof of Editing

This is to certify that this paper, Prediabetes in children and adolescents: An updated review, written by Hak Yung Ng and Louis Tsz Wang Chan, has been edited by a professional editor employed by our company.

The work has been edited to ensure correct language and grammar.

The quality of the edit is guaranteed, given that the client has accepted our suggested changes and the text has not been altered after our editing process.

Yours faithfully,

Graeme Brown
Part-owner
