JOURNAL EDITOR-IN-CHIEF (ASSOCIATE EDITOR) COMMENTS TO AUTHORS

It was a pleasure to read this manuscript. There are a few minor suggestions that might be considered prior to publication.(i) Page 6, last paragraph. Authors have mentioned "To this end, here we present the first bibliometric analysis of researchconducted on mechanotransduction in cancer and reveal the current researchbeing conducted in this field." I would suggest considering rephrasing the word "first" with "an updated". While searching google, I can find similar papers, even though not as updated and intensive as this work. (ii) grammar and language must be checked carefully prior to publication
