## JOURNAL EDITORIAL BOARD COMMENTS TO AUTHORS

The following points should be revisited:- 1) Numerous grammatical errors to be fixed 2) Give a brief account of patients presentation/diagnoses and outcome in abstract. I see it has been vaguely written in case summary section of the abstract 3) Better echocardiography images to be provided. No mention of detailed echocardiogram findings:- Chamber enlargement and ventricular hypertrophy, regurgitant lesions, PA pressures. 4) What is the educational value of the index case? this is not an uncommon scenario in Cardiology clinics
