

ANSWERING REVIEWERS

January 27, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: yamamoto0126.doc).

Title: Tubulopapillary adenoma of the gallbladder accompanied by bile duct tumor thrombus

Author: Kentaroh Yamamoto, Fumio Yamamoto, Atsuhiko Maeda, Hirotsune Igimi, Mami Yamamoto, Ryosuke Yamaguchi, Yuichi Yamashita

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 8811

The manuscript has been improved according to the suggestions of reviewers:

1 Add the figures of immunological staining.

We added the figures of immunological staining (Figure 6B). Please see the page 4, line 16. And please see the page 11, line 16, we added the figure legends.

2 Revision has been made according to the suggestions of the reviewer

We added the sentence "Furthermore, it is reported that pyloric type adenocarcinoma of the gallbladder has a poor prognosis^[12]. So, in our case, surgical treatment is considered reasonable and proper".and reference no.12. Please see the page 5, line 17, and page 9 line 22.

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

A handwritten signature in blue ink, appearing to read 'Kentaroh Yamamoto'.
