

18th October 2023

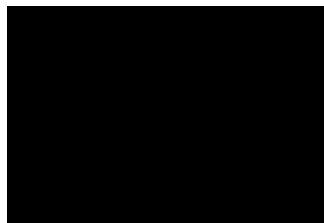

Dear Editor,

I Mr. Alexander Green, Research Fellow and Trainee Surgeon, state that the presented article entitled:

“Comparison of Clinical Outcomes between
Total Hip Replacement and Total Knee Replacement”.

was an observational study using existing data from routine clinical care. Therefore, separate consent forms were not required.

Yours Sincerely,

Mr Alexander Green MBBS, MRCS, MRes, PGCME
Core Surgical Trainee
Department of Trauma and Orthopaedic Surgery
South Tyneside District Hospital
United Kingdom
