

Dear Editor,

Thank you for giving us the opportunity to submit a revised draft of the manuscript. We appreciate the time and effort that you and the reviewers dedicated to providing feedback on our manuscript and are grateful for the insightful comments on and valuable improvements to our paper. All of the suggestions have been implemented. Those changes are highlighted with yellow color in the revised manuscript. Please see below for a point-by-point response to your comments and concerns.

Science Editor Report:

Specific Comments to Authors:

(1) Please provide the Figures cited in the original manuscript in the form of PPT. All text can be edited, including A,B, arrows, etc. With respect to the reference to the Figure, please verify if it is an original image created for the manuscript, if not, please provide the source of the picture and the proof that the Figure has been authorized by the previous publisher or copyright owner to allow it to be redistributed. All legends are incorrectly formatted and require a general title and explanation for each figure. Such as Figure 1 title. A: ; B: ; C: .

(2) Please obtain permission for the use of picture(s). If an author of a submission is re-using a figure or figures published elsewhere, or that is copyrighted, the author must provide documentation that the previous publisher or copyright holder has given permission for the figure to be re-published, and correctly indicate the reference source and copyrights. For example, "Figure 1 Histopathological examination by hematoxylin-eosin staining (200 ×). A: Control group; B: Model group; C: Pioglitazone hydrochloride group; D: Chinese herbal medicine group. Citation: Yang JM, Sun Y, Wang M, Zhang XL, Zhang SJ, Gao YS, Chen L, Wu MY, Zhou L, Zhou YM, Wang Y, Zheng FJ, Li YH. Regulatory effect of a Chinese herbal medicine formula on non-alcoholic fatty liver disease. *World J Gastroenterol* 2019; 25(34): 5105-5119. Copyright ©The Author(s) 2019. Published by Baishideng Publishing Group Inc[6]". And please cite the reference source in the references list. If the author fails to properly cite the published or copyrighted picture(s) or table(s) as described above, he/she will be subject to withdrawal of the article from BPG publications and may even be held liable.

(3) Please provide the filled conflict-of-interest disclosure form.

(4) The article published by Maino et al in WJG has been cited in the manuscript and added to the references section.

Responses:

Following your suggestion, we contacted to a professional English language editing company and corrected the problems they noticed. We have provided you the English Language Certificate given by this company.

(1) We have sent you the figures cited in the original manuscript in PPT format. All figures were created from the original images we selected for the manuscript. There is absolutely no previous publisher or copyright owner. The format of figure legends has been modified according to your instructions.

(2) The figures included in the manuscript are original and have not been previously published or copyrighted by any other organisation.

(3) We completed and submitted the conflict of interest disclosure form.

(4) The article published by Maino et al. in WJG was cited in the article and added as the first reference.

RESPONSES TO THE REVIEWERS' COMMENTS

Reviewer #1 Report:

Specific Comments to Authors:

The authors provide images of metastatic liver lesions with exceptional and rare cases, and give a detailed interpretation, which is of significance for the diagnosis of liver lesions.

Response:

Dear Reviewer,

We appreciate the time and effort that you dedicated to providing feedback on our manuscript and are grateful for the insightful comments to our paper. Thank you for the encouraging comments and all of your valuable efforts.

Reviewer #2 Report:

Specific Comments to Authors:

I thank the editor for the opportunity to review this manuscript, which highlights interesting aspects concerning the differential diagnosis of a hepatic metastatic lesion. Please consider some minor English editing issues- imagings, ...cases and cases..., multipl etc Best Regards

Response:

Dear Reviewer,

We appreciate the time and effort that you dedicated to providing feedback on our manuscript and are grateful for the insightful comments and valuable improvements to our paper.

We sincerely apologise for the English editing faults you have brought to our attention and assure you that we have rectified each and every one of them.
