

Clinical Trial Registration Statement

Despite our study was an original research, this work just used genome-wide association studies statistics from public available databases for Mendelian randomization analysis, and we did not collect any new human data. As this study was not a clinical trial and did not involve any human studies, the clinical trial registration was not required for our research.

Sincerely,

Si-De Liu, MD, PhD, Guangdong Provincial Key Laboratory of Gastroenterology, Department of Gastroenterology, Nanfang Hospital, Southern Medical University, 1838 Guangzhou Avenue North, Guangzhou, 510515, Guangdong Province, China. E-mail: liuside2011@163.com.
