

PEER-REVIEW REPORT

Name of journal: *World Journal of Gastroenterology*

Manuscript NO: 88964

Title: Comment on “Leukocyte immunoglobulin-like receptor B2 overexpression as a promising therapeutic target and noninvasive screening biomarker for colorectal cancer”

Provenance and peer review: Unsolicited Manuscript; Externally peer reviewed

Peer-review model: Single blind

Reviewer's code: 03764932

Position: Editorial Board

Academic degree: MD

Professional title: Doctor, Professor, Research Scientist

Reviewer's Country/Territory: Italy

Author's Country/Territory: China

Manuscript submission date: 2023-10-17

Reviewer chosen by: AI Technique

SPECIFIC COMMENTS TO AUTHORS

Wen-Zhuo Zhao et al. wrote a Comment on “Leukocyte immunoglobulin-like receptor B2 overexpression as a promising therapeutic target and noninvasive screening biomarker for colorectal cancer” The letter is well written and provide useful perspective on the study. One minor comment. I suggest to include preliminary introduction (1 sentence) on current colorectal cancer screening methods, to better introduce the topic (e.g. cite Screening of colorectal cancer: present and future, Expert Review of Anticancer Therapy, 2017, 17(12), pp. 1131–1146, PMID: 29022408).
