Attestation/Certificate

Athens, February 28, 2024

Being a co-author of MS No: 89031 I re-read it and corrected it carefully.

I was educated in the United States, and, prior to my return to Greece, I was working at the National Institutes of Health, Bethesda, Maryland, USA. Moreover, I have written and published more than 250 scientific papers in my native English language (<https://pubmed.ncbi.nlm.nih.gov/?term=ilias+i>).

Ioannis Ilias, MD, PhD
Director, Department of Endocrinology
Hippokration General Hospital
