

Certificate of Biostatistics

[December 11th, 2023]

To whom it may concern,

Title of Study: [Risk Stratification in Gastric Cancer Lung Metastasis: Utilizing an
Overall Survival Nomogram and Comparing with previous staging]

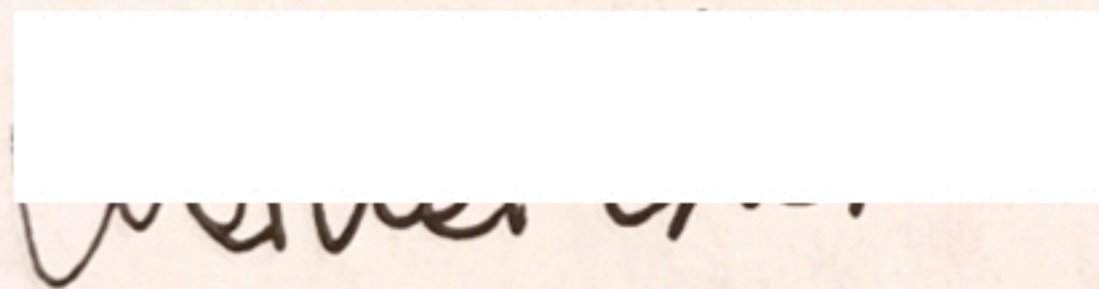

Chief Investigator: [Zhi-Ren Chen], [Department of public health], [Xu Zhou
medical university], [No. 15 Building Community, Xu Zhou]

This letter is to confirm that I have reviewed the statistical analysis plan prepared
for this study, and that in my opinion the statistical methods and analyses applied are
appropriate for the objectives of the research.

The data has been appropriately analyzed, and the results have been verified for
accuracy and reliability. The interpretations of the data are supported by the statistical
evidence provided and are in line with the best practices in biostatistics.

Please feel free to contact me if you require further information or clarification
regarding the statistical aspects of this study.

Sincerely,

[Wei-Wei Chen, Ph.D.] , [Department of medical statistics] [Xu Zhou Central Hospital]
