

Reviewer #1:

Scientific Quality: Grade D (Fair)

Language Quality: Grade B (Minor language polishing)

Conclusion: Accept (General priority)

Specific Comments to Authors:

This paper represents an endorsement of Gao's thesis. It describes leg pain in venous disorders. Understandable as an additional clinical comment. If possible, additional comments from the author's actual experience should be added

Answer: I appreciate your comments. I added the clinical experience to the manuscript.

Reviewer #2:

Scientific Quality: Grade C (Good)

Language Quality: Grade B (Minor language polishing)

Conclusion: Accept (General priority)

Specific Comments to Authors:

very well written and a very important factor of chronic pain is highlighted.

Answer: I appreciate your comments.
