

Authors Response Statement- Aspirin Editorial

To the editors, World Journal of Clinical Cases

Thank you for the opportunity to publish our editorial in your journal. We have reviewed the comments made by the editorial team and have responded below:

C1: Please add the author's contribution section. The format of this section will be as follows: Author contributions: Wang CL, Liang L, Fu JF, Zou CC, Hong F and Wu XM designed the research; Wang CL, Zou CC, Hong F and Wu XM performed the research; Xue JZ and Lu JR contributed new reagents/analytic tools; Wang CL, Liang L and Fu JF analyzed the data; Wang CL, Liang L and Fu JF wrote the paper.

R1: We have added the appropriate section to our main manuscript as below:
Buddhavarapu V, Surani S and Kashyap R designed the research; Buddhavarapu V, performed the research; Buddhavarapu V, Surani S and Kashyap R analyzed the data; Buddhavarapu V wrote the paper; Surani S and Kashyap R edited and revised the paper.

C2: Please provide the PMID numbers to the reference list and list all authors of the references. If there is no PMID or DOI, please provide the website address.

R2: We have added the PMID to all papers in our bibliography, they should appear as PMCID. Three of the papers cited: references 3, 4 and 5 were published by consensus groups and do not have authors attached to the papers and are therefore missing this information.

C3: "In the most recent issue of the World Journal of Clinical Cases, Zhang et al"- Zhang et al's article, please add it to the "References" section and cite it in the manuscript.

R3: This citation has been added as reference number 8.

Thank you for your time,

Dr. Salim Surani
