Buenos Aires, January 24, 2024

Dear Editor,

As requested, Marcelo Thomé, Director of Argentine Gastroenterology Association, CERTIFIES that the project entitled **"Long-term effect of AN-PEP endopeptidase treatment in patients with celiac disease following a gluten-free diet in real life. Double-blinded placebo-controlled prospective exploratory intervention,"** by Dr. Florencia Costa and the research group, was awarded with the SAGE 2020 Research Grant, given by this Association to promote investigations in the field.

Kind regards.

**Dr. Marcelo Thomé
