## SPECIFIC COMMENTS TO AUTHORS

Dear authors, Thank you so much for submitting your great editorial work. The article represents latest overview of *H. pylori* eradication with a focus on a novel rescue therapy with *S. boulardii*. The article is written with the good English-speaking adduction of the arguments. The article is sufficiently novel and very interesting to warrant publication. All the key elements are presented and described clearly. I have minor discussable options in the article: 1) Page 3 Line 26: Please define of spell out pKa. 2) Please use *Italic* style for et al. (Page 3 Line 13; Page 7 Line 1) and *S. boulardii* (Page 10 Line 9).
