

World Journal of Clinical Cases
BPG Editorial Office

January 22, 2024

Dear Editor,

This is to certify that the patient has signed informed consent prior to diagnostic coronary angiography related to this case presentation.

Hospital policy and administration doesn't allow to copy or send externally patient signed informed consent

With best regards,

Arif Al-Nooryani, MD and CEO of the Al Qassimi hospital, Sharjah, UAE (mail arif345@yahoo.com)

Branko Beleslin, MD, PhD (corresponding author and on behalf of the authors)
