SPECIFIC COMMENTS TO AUTHORS

- In the introduction (epidemiology), please correct this incomplete sentence"....Western countries, such as North America, Oceania, Western and Northern Europe including Hungary, the incidence rate of adenocarcinoma (AC) has been increasing, even surpassing the incidence of [1, 2]". Missing the incidence of what? - In the Kaplan-Meier curves (figures 4 and 7), please give the significance degree(p) of the log-rank test. Ask your epidemiologist Farkas to complete this important data. - Congratulations for this very good meta-analyse. I appreciate it very well and it was very instructive for me.
