Subject: Revisions to manuscript (Job No. R2304790)

Dear Dr. Ohmura:

I am sending herewith the revisions to your manuscript (Job No. R2304790). There are comments in the text for your confirmation. Please read the text carefully to ensure that the revisions reflect your intended meaning.

Areas of your manuscript that do not appear to comply with the author instructions are noted by my related comments in your text and in the separately provided instructions to authors checklist file. A copy of the downloadable template provided by the journal has also been included among the files returned to you, for your reference.

If any of the changes are unclear, please make a note of these and return your manuscript for a **proof check**. If you have any questions or comments, please include them at that time. However, if you are satisfied with your manuscript in its present form, then we wish you the best of luck with your submission.

Thank you for using Forte. We look forward to working with you again.

Sincerely,

Luba W, MD
