

Format for ANSWERING REVIEWERS

April 16, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format locked by AmEditor (file name: 9430-locked for submission.doc) and the manuscript (file name: 9430_revision.doc) containing all of the modifications performed during revision (text in red with yellow highlight) and English editing (text in red).

Title: Elevated miR-33a and miR-224 in steatotic chronic hepatitis C liver biopsies. A research report, a case control study.

Author: Gabor Lendvai, Katalin Jarmay, Gizella Karacsony, Tunde Halasz, Ilona Kovalszky, Kornelia Baghy, Tibor Wittmann, Zsuzsa Schaff and Andras Kiss.

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 9430

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated:

- word count of Abstract (Aims reduced to 20, Results increased to 129),
- Figure 1 changed to a decomposable figure made in ppt.

2 Revision has been made according to the suggestions of the reviewer

- (1) The reason of microRNA selection has been included in the last sentence of Introduction.
- (2) A summary has been included in the last paragraph of Discussion section on microRNAs that showed changed expression in association with steatosis and HCV.
- (3) Comments section has been included.

3 Two co-authors, Halasz T and Baghy K, have been included for their contribution in this work.

4 Case Control Study has been chosen as the type of Column.

5 The manuscript has passed an English language editing by AmEditor.

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Zsuzsa Schaff M.D., Ph.D.
