Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: re9705-edite.doc).

Title: Inhibitory Effects of Dobutamine on Human Gastric Adenocarcinoma

Author: Hui-Xia Zheng, Li-Na Wu, Hong Xiao, Qian Du, Jian-Fang Liang.

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 9705

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) The apoptosis rate is with a dose-dependent pattern.

(2) In discussion we show like this: However, different from the classical pathway, dobutamine could enhance the phosphorylation of Akt and activated Hippo pathway independently. Akt is known to phosphorylate Ser127 of YAP and recruit YAP to the cytoplasm[20].

(3)The manuscript had linguistic improvement.

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Hui-Xia Zheng
