

April 4, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: ESPS Manuscript NO 9744-review.doc).

**Title: Imaging Tests For Accurate Diagnosis Of Acute Biliary Pancreatitis**

**Author:** □urlin Valeriu, Săftoiu Adrian, Daniela Dumitrescu

**Name of Journal:** *World Journal of Gastroenterology*

**ESPS Manuscript NO:** 9744

The manuscript has been improved according to the suggestions of reviewers:

**1 Format has been updated**

**2. English language was polished**

**3. Revision has been made according to the suggestions of the reviewer 00028941**

- Please spell out "TUS" in abstract.

Changes were made so TUS was spelled in abstract

- Delete cent in ERCP 89% cent

Changes were made, the word "cent" was deleted

- Please explain more details of the last part in Microlithiasis If aetiology remains unidentified, especially after a second attack of idiopathic pancreatitis, genetic counselling (not necessarily genetic testing) should be considered [3]. What does this sentence mean concretely?.....

Changes were made - The previous related sentences and the sentence indicated by reviewers were modified to become more explicit.

**3 References and typesetting were corrected**

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

**Adrian Saftoiu**, MD, PhD, MSc, FASGE
