Reply to Reviewers

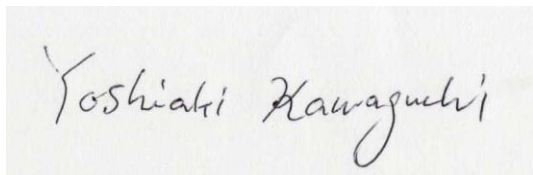

- I corrected “amenorea”, at Line 8 and 9 in Introduction, to “amenorrhea”.
- I quoted reference to “The drug related adverse events ... or infections” in Introduction. I quoted reference number 5 in pre-corrected paper as number 1 in post-corrected paper. Therefore I changed the other reference number as follow; 1 to 2, 2 to 3, 3 to 4, 4 to 5, 1 to 5.
- I eliminated the figure 2 and 5 according to the reviewer’s comment. I changed Figure 3 to 2 and Figure 4 to 3.

Revision has been made according to the suggestions of the reviewer. We underlined to the revised portions of my manuscript.

3. References and typesetting were corrected
