

Format for ANSWERING REVIEWERS

May 15, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 9919-review.doc).

Title: PET and fMRI in the Development and Refinement of Psychiatric Invasive Neuromodulation

Author: Nolan R. Williams, Joseph J. Taylor, Kayla Lamb, Colleen A. Hanlon, E. Baron Short, Mark S. George

Name of Journal: *World Journal of Radiology*

ESPS Manuscript NO: 9919

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewers:

Reviewer (1)

- The title has been revised to represent the scope of the paper.
- A table has been added that summarizes the advantages, disadvantages and cautions for each imaging method.
- A brief description on how the review is structured was added to the introduction.
- The Y-BOCS scale was spelled out and a brief description of what it measures was added.
- All abbreviations were spelled out at first mention and revised for consistency.
- A comment was added about how the meta-analysis data from the Arsalidou, Duerden & Taylor, (2013) article relates to findings with DBS imaging.
- Figures were improved.
- Square brackets in first paragraph of introduction were addressed.
- The typo's and abbreviations identified by reviewers were corrected.

Reviewer (2)

- The title has been revised

Reviewer (3)

- As suggested, we changed the title to "PET and fMRI in the Development and Refinement of Psychiatric Invasive Neuromodulation"

Reviewer (4)

- As suggested, we changed the "conclusion" paragraph to "summary and future directions"

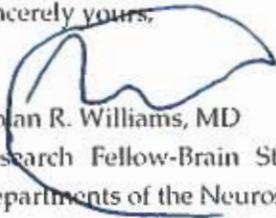

Reviewer (5)

- The short running title was revised to 6 words
- Telephone and fax number were provided
- Duplicate references were revised
- Figures were revised so that fonts and lines could be edited

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Radiology*.

Sincerely yours,

A handwritten signature in blue ink, appearing to read "Nolan R. Williams, MD". The signature is written in a cursive style and is positioned to the left of the printed contact information.
