### COMMENTS

#### COMMENTS TO AUTHORS:

I read this article with great interest. However, I have some minor questions. 1. **We** have read with great interest the recent article by Kapadnis et al..... What is this article ? 2.Despite the recommendations for peri-natal assessment, .... Is "peri-natal" correct? How about neonatal? 3. Anorectal malformations should be ARM. 4. As anorectal malformations are defined as ARM, an ARM and ARMs seem to be strange.
