COMMENTS TO AUTHORS

This is an interesting and well-written review about the Lymph node staging in colorectal cancer. However It should be presented in the form of a systematic review. All most relevant studies on this issue have to be included. The authors should specify the search strategy and the selection criteria.

COMMENTS TO AUTHORS

this review about lymph node staging in colorectal cancer is very well done. it is easy to read and very comprehensive. new techniques of lymph node analysis are well explained. remaining questions about accuracy of micrometastases or isolated tumor cell research are well explained.
