

## Certificate Service Confirmation

To World Journal of Psychiatry

**Title of study:** Visual impairment and depression: Age-specific prevalence, associations with vision loss, and relation to life satisfaction

**Authors:** 1. Audun Brunes, PhD, Research Scientist, Norwegian Centre for Violence and Traumatic Stress Studies, Oslo, Norway.

2. Trond Heir, PhD MD, Professor, Norwegian Centre for Violence and Traumatic Stress Studies, Oslo, Norway; Institute of Clinical Medicine, Faculty of Medicine, University of Oslo, Oslo, Norway

Date issued: 10 January 2020

This document certifies that the manuscript titled 'Visual impairment and depression: Age-specific prevalence, associations with vision loss, and relation to life satisfaction' was edited for British English language, grammar, spelling, punctuation and overall style by Catriona Turner. Ms Turner, who is a native English speaker, has more than 20 years of experience as a professional copy editor for the Taylor & Francis Group. Please note that the authors subsequently had the ability to accept or reject any of the language editor's corrections or suggestions relating to the manuscript.

Sincerely,

C. Turner
