Answering reviewer

Reviewer 1

SPECIFIC COMMENTS TO AUTHORS

The Editor in Chief reviewed his "preferred" articles of 2023. This review reported the Editor's view on published manuscripts in 2023. Minor issue: page 7 typo: "gastrointestinal stomal tumor" change in "stromal tumor"

Answer: Thank you for your comment. We have corrected the typos on page 7.

(2) Gastrointestinal stromal tumor topic: "TATA-box-binding protein-associated factor 15 is a novel biomarker that promotes cell proliferation and migration in gastrointestinal stromal tumor"^[42]. The peer reviewers for these two papers performed a very good job.

SPECIFIC COMMENTS TO AUTHORS

The editorial penned by the Editor-in-Chief of WJG is the culmination of an extensive review of recent publications. The author proposes several revisions to the titles of chosen articles and has shared these insights with the editorial team overseeing their publication. As such, this piece not only showcases the author's deep knowledge in these disciplines but also consolidates the perspectives of numerous specialists in their respective fields. This practice is crucial for maintaining the integrity of the published material.

Answer: Thank you for your comment.
