Dear Editor,

Please find enclosed the edited manuscript in Word format (file name:10109-revised.docx).

Title: Coronary artery bypass graft surgery in patients with ureterosigmoidostomy

Author: Ismail Haberal, Deniz Ozsoy, Ege Sipahi, Murat Mert

Name of Journal: *World Journal of Clinical Cases*

ESPS Manuscript NO: 10109

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1)Was the CABG performed off or on CPB?

It was on-pump CABG

(2)Why was the catheter left in for 3 days?

Urine flow was followed up for three days until hemodynamic stability was achieved.

(3)How much fluid was used to inflate the catheter balloon?

Foley urethral catheter with 30cc balloon was inflated to 50cc in order to minimize the chance that the catheter will be pulled down through the sigmoid colon

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Clinical Cases*

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Ismail Haberal', written in a cursive style.
