<input type="checkbox"/> Grade A (Excellent)	<input type="checkbox"/> Grade A: Priority Publishing	Google Search:	<input type="checkbox"/> Accept
<input type="checkbox"/> Grade B (Very good)	<input type="checkbox"/> Grade B: minor language polishing	<input type="checkbox"/> Existed	<input type="checkbox"/> High priority for publication
<input checked="" type="checkbox"/> Grade C (Good)	<input checked="" type="checkbox"/> Grade C: a great deal of language polishing	<input type="checkbox"/> No records	<input type="checkbox"/> Rejection
<input type="checkbox"/> Grade D (Fair)	<input type="checkbox"/> Grade D: rejected	<input type="checkbox"/> Existed	<input checked="" type="checkbox"/> Minor revision
<input type="checkbox"/> Grade E (Poor)		<input type="checkbox"/> No records	<input type="checkbox"/> Major revision

COMMENTS TO AUTHORS

The manuscript has a good and usually neglected topic. May be useful for daily practice and may increase awareness of gastroprotection while geriatric multi-drug usage. The manuscript must be re-evaluated for grammar errors. Some examples: as major cause >> as the major cause extradigestive >> extra-digestive anti-secretory>> anti-secretory drugs Hystology >> Histology gastroduodenal >> gastro-duodenal antisecretory >> anti-secretory semiquantitative >> semi-quantitative Immunoglobulins IgG >> Immunoglobulin G (IgG) Gastropanel or Gastro-panel >> GastroPanel H pyloriinfection >> H. pylori infection Gastroesophageal reflux disease (GERD) >> Gastro esophageal reflux disease (GERD) Oesophageal >> esophageal a important >> an important Liverflukes >> liver flukes Minor errors in spacing and spelling in References (No 3,4,5,.. 8, etc..)

COMMENTS TO AUTHORS

This review updated the general knowledge regarding helicobacter pylori epidemiology, diagnoses, clinical features, and treatment in aged population. In general, the information is of interest for the clinical practice, and it facilitates the differential diagnosis and treatment. Some grammatical and typographical mistakes should be corrected.
