adenoma coexistent with adenocarcinoma of the urinary system is uncommon. " to "Core tip: Villous adenoma coexisting with adenocarcinoma of the urinary system is uncommon." Correct "villous adenoma coexistent with adenocarcinoma of the female urethral orifice" to "villous adenoma coexisting with adenocarcinoma of the female urethral orifice" You write that "Physical examination found a fleshy, hemorrhaged, uneven polypoidal mass 3 × 4 cm in diameter " but then write that "excised lesion was a soft grayish mass, measuring 1.5 cm in diameter" Why this discrepancy? "Intracellular and extracellular abundant mucin was seen " correct language to "abundant mucin was seen both intracellularly and extracellularly"
