Re: Biostatistics Review Certificate

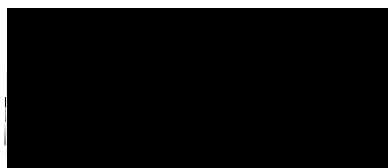

Certificate

To Whom It May Concern,

I, Jingyong Li, Associate Professor, School of Public Health of Tianjin Medical University, certify that the statistical analysis in the study entitled: "Fatty acid binding protein 5 is a novel therapeutic target for hepatocellular carcinoma" has been performed and verified at our Department of Epidemiology and Biostatistics, School of Public Health of Tianjin Medical University.

This certificate is delivered to any concerned person for any purposes for which it may be required.

Sincerely,

Associate Professor

School of Public Health of Tianjin Medical University.
