COMMENTS TO AUTHORS

It is a great honor for me to review this manuscript. All contents are well written and associated with asthmatic clinical data in pregnancy. Therefore, it is acceptable for publication in World J Pharm as a review article. [Minor comments] I recommend that the authors can discuss to include the clinical (potential) use of Oriental medicinal herbs (or extracts, fraction, recipe etc) for curative asthma during pregnancy.

COMMENTS TO AUTHORS

This review is interesting, the author made an simple inclusion on the asthma in pregnancy, the content is novel and laconic.
