Memo 03/2017

Subject: Conflict-of-interesting statement– Invited manuscript ID 02985342 - “Solid blues behind broken hearts”: Childhood trauma, nicotine dependence and previous hospital admissions are associated with positive screening for depression in inpatients with cardiovascular disease.”

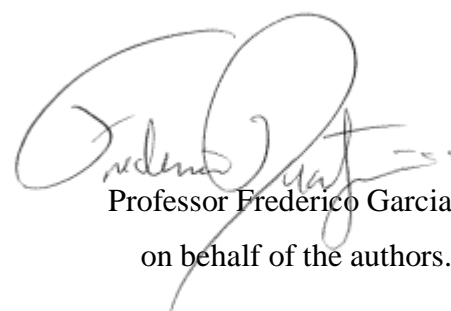

Belo Horizonte, February 23, 2017.

Dear Professor Ma

Dear reviewers,

We would like to inform any potential conflicting interests that might be related to our manuscript. Of the authors, of our manuscript, F.D.G received CME grants, received paid speakership, and participated in research from Janssen and Pfizer; H.C. received paid speakership, and participated in research from Janssen; P.H.T.P. and M.C.L.N. participated in research from Janssen. The other authors have no conflicts to declare.

Sincerely,

Professor Frederico Garcia
on behalf of the authors.
