

PEER-REVIEW REPORT

Name of journal: World Journal of Gastroenterology

Manuscript NO: 47086

Title: Eosinophils in the gastrointestinal tract and their role in the pathogenesis of major colorectal disorders

Reviewer's code: 00073640

Reviewer's country: Slovenia

Science editor: Ruo-Yu Ma

Reviewer accepted review: 2019-05-06 05:50

Reviewer performed review: 2019-05-06 12:23

Review time: 6 Hours

SPECIFIC COMMENTS TO AUTHORS

This review systematically presents general and recent information on the role of eosinophils in the pathogenesis of colorectal cancer associated with inflammatory bowel disease and Chron's disease. The contents is well described with giving a informative

understanding of the related pathogenesis.
