Re: Invited review, ID (02541925)

Dear Professor Yu,

We are delighted to hear that you and the reviewers found our review entitled: "Endocrine causes of NAFLD" of interest and potentially highly relevant to the **World Journal of Gastroenterology**.

We wish to thank you and the reviewers for the kind, thoughtful and constructive comments regarding our manuscript. We have now revised the text and figures to address the comments.

We believe these additional revisions have significantly strengthened our manuscript and given the great current interest in endocrine diseases and NAFLD, we hope that you will now find our review acceptable for publication in the **World Journal of Gastroenterology**.

Sincerely,

Dr Francois R Jornayvaz, MD
