Manuscript Type: Systematic Reviews

International scientific communications in the field of colorectal tumour markers

Krasimir Ivanov, Ivan Donev

Abstract

AIM

To analyze scientometrically the dynamic science internationalization on colorectal tumour markers as reflected in five information portals and to outline the significant journals, scientists and institutions.

Match Overview

1	Internet 206 words crawled on 22-Mar-2016 meritresearchjournals.org	5%
2	Crossref 45 words Ørntoft, Mai-Britt W., Hans J. Nielsen, Torben F. Ørntoft, and Claus L. Andersen. "Performance of the colorectal cancer..."	1%
3	Publications 40 words "Investigators from Institute of Education Release New Data on Colon Cancer [Segmental distribution of], Obesity, Fitness..."	1%
4	Crossref 38 words Gazni, Ali, and Zahra Ghaseminik. "Internationalization of scientific publishing over time: Analysing publishers and fields..."	1%
5	Publications 36 words Coccia, Mario Wang, Lili. "Evolution and convergence of the patterns of international scientific collaboration.(SOCIAL SCIENCE)..."	1%
6	Internet 32 words crawled on 22-Nov-2016	1%
