

### Personal Guarantee for Language Presentation

We spent 1 month drafting the manuscript of this mini-review (**Manuscript NO.:** 19191. **Title:** The metabonomic window into hepatitis B virus-related hepatic diseases) and revised it for at least 3 times. In addition, one of my colleagues, who has studied and worked in America for several years and speaks fluent English, revised the manuscript before submission. We have completely addressed the language problems of the manuscript. Thereby, we believe that the language of our manuscript has reached Grade A without the need for employing a professional editing service. Thank you.
