

Review Results Notification

Review Results Notification Date	Apr 06, 2017	Type of Review	<input type="checkbox"/> Convened <input checked="" type="checkbox"/> Expedited
---	--------------	-----------------------	---

Receipt No.	S2010-0882-0001					
Project No	2010-0882					
Protocol Name	Trends of Misdiagnosis & Improper Treatment Rate between Crohn's Disease and Intestinal Tuberculosis					
Principal Investigator	Organization	Gastroenterology	Position	Associate Professor	Name Byong Duk Ye	
Sponsor	Organization					
Detailed Classification of Research	The Bioethics and Safety Act	Human Subject Research				
	Research Target	Diagnosis method				
	Classification of Research					
	Research Phase					
Review Type	Review of New Clinical Research Protocol					
Review Results	Results in which the start, continuation and change of research are possible	<input checked="" type="checkbox"/> Approval <input type="checkbox"/> Continue the Research As Previously Conducted				
	Results that must apply for supplementary review	<table style="width: 100%; border: none;"> <tr> <td style="width: 50%; vertical-align: top;"> <input type="checkbox"/> Approved with Modification <input type="checkbox"/> Re-Review After Modification <input type="checkbox"/> Continue the research but supplementation is needed. <input type="checkbox"/> Continue the research but discontinue the research procedures subsequently implemented to a subject <input type="checkbox"/> Early Termination of Approved Research <input type="checkbox"/> Disapproval </td> <td style="width: 50%; vertical-align: top;"> <input type="checkbox"/> Approved with Conditions <input type="checkbox"/> Rejection <input type="checkbox"/> Continue the research but discontinue recruitment of new subjects <input type="checkbox"/> Temporary Discontinuation of Approved Research <input type="checkbox"/> Actions on the Researcher <input type="checkbox"/> Other </td> </tr> </table>				<input type="checkbox"/> Approved with Modification <input type="checkbox"/> Re-Review After Modification <input type="checkbox"/> Continue the research but supplementation is needed. <input type="checkbox"/> Continue the research but discontinue the research procedures subsequently implemented to a subject <input type="checkbox"/> Early Termination of Approved Research <input type="checkbox"/> Disapproval
<input type="checkbox"/> Approved with Modification <input type="checkbox"/> Re-Review After Modification <input type="checkbox"/> Continue the research but supplementation is needed. <input type="checkbox"/> Continue the research but discontinue the research procedures subsequently implemented to a subject <input type="checkbox"/> Early Termination of Approved Research <input type="checkbox"/> Disapproval	<input type="checkbox"/> Approved with Conditions <input type="checkbox"/> Rejection <input type="checkbox"/> Continue the research but discontinue recruitment of new subjects <input type="checkbox"/> Temporary Discontinuation of Approved Research <input type="checkbox"/> Actions on the Researcher <input type="checkbox"/> Other					

	<input type="checkbox"/> Supplementation		
Submitted Date of Document	Dec. 28, 2010	Review Date	Jan. 14, 2011
Continuation Review Cycle	<input type="checkbox"/> 3 Months <input type="checkbox"/> 6 Months <input checked="" type="checkbox"/> 1 Year <input type="checkbox"/> Exemption <input type="checkbox"/> Other	Expiration Date of Approval	Jan. 13, 2012

Review Opinion

This board had decided to approve as a result of reviewing the protocol which the researcher has submitted.

- List of Submitted Materials & Version No.**
1. Protocol Summary (version 1.0)
 2. Protocol (version 1.0)
 3. CRF (version 1.0)
 4. Reason for not requiring the written consent of subjects
 5. Principal Investigator CV
 6. Pledge on the Performance of Clinical Research

Institutional Review Board/Institutional Bioethics Committee Chairperson Moo-Song Lee (Seal)

* This Institutional Review Board complies with the related laws such as ICH, KGCP or Bioethics and Safety Act. In case of having a member at a conflict of interest relationship with this research, the corresponding member has been excluded from the review
