## SPECIFIC COMMENTS TO AUTHORS

The article is within the scope of the magazine and deals with an interesting topic. It is well written and organized. Reading is fluid. The article presents novel and original research, and represents an advance in the state of the art. However, to be accepted some aspects should be improved: 1) The state of the art of the article should be expanded, delving deeper into the context of the article's topic. 2) A discussion section should be added in which the work presented is compared with other similar ones, and its limitations and progress are established. 3) The presentation of the materials should be improved.
