Institutional review board statement

Certificate of approval

Title of protocol: Low-risk of ulnar nerve affection after surgery for distal humerus fractures in adults

Authors list: Mustafa Al-Gburi MD, Ali Al-Hamdani MD, Jeppe V. Rasmussen MD ph.d. , prof. Bo S. Olsen MD Ph.d.

We certify hereby at the above-mentioned study was approved by the Institutional Review Board (IRB) of the Section for Shoulder and Elbow Surgery, Department of Orthopaedic Surgery, Herlev and Gentofte University Hospital. Gentofte Hospitalsvej 12, 2900 Hellerup, Denmark.

Regarding The
institutional review
board's approval should
be in the native
language (Danish).
Since we are allowed to
use either Danish or
English when seeking
approval for clinical
research in Denmark,
we opted for the latter
as our article is planned
to have a global
audience. As such, we
have exclusively used
English throughout the
entire research process.
