Reviewer 1: code 00001832

"The manuscript by Charbe and Tambuwala reviews three-dimensional bio-printing for cancer research. This is a well-written and up-to-date review of an emerging and clinically relevant topic. The most important aspects of preclinical models and studies related to the topic are discussed."

Authors response: Thank you for your positive feedback and highlighting the important aspects of this review manuscript.

We thank the reviewer for suggesting minor language polishing.

LANGUAGE EVALUATION

**[Y] Grade B: Minor language
polishing**

We have completely revised the manuscript for English grammar, scientific and technical writing with the assistance and guidance provided by Prof. Paul A McCarron.

Once again I thank you again for your critical review and kind suggestions.

Yours truly,

Murtaza M Tambuwala, PhD
