

### **Responses to the Editor's and Reviewers' Comments**

We appreciate very much the editor and the reviewers for the constructive comments. We also thank the editor and the reviewers for the effort and time put into the review of the manuscript. Each comment has been carefully considered point by point and responded. Responses to the reviewers and changes in the revised manuscript have been marked as red colour. Pin code has been added in introduction of authors. Aim of abstract has been revised. The comments section has been added. The audio core tip has been uploaded. Additionally, we are sending the signed copyright assignment form along with revised version of manuscript. We believe that revised version of manuscript has now been considerably strengthened.

### **The details of manuscript are as follows:**

**Manuscript NO.:** 32565

**Column:** Case Control Study

**Title:** Levels of Neutrophil gelatinase-associated lipocalin in patients with HNSCC in Indian population from Haryana state.

**Authors:** Monica Verma, Kiran Dahiya, Abhishek Soni, Rakesh Dhankhar, Veena S Ghalaut, Aastha Bansal and Vivek Kaushal

**Correspondence to:** Dr. Kiran Dahiya, Department of Biochemistry, Pt. B.D.Sharma PGIMS, 778/28, Bharat Colony, Rohtak 124001, Haryana, India. [kirandahiya\\_2002@yahoo.com](mailto:kirandahiya_2002@yahoo.com)

**Reviewer code:** 02508408

**First decision:** 2017-03-27 12:00

**Scientific editor:** Fang-Fang Ji
