### SPECIFIC COMMENTS TO AUTHORS

a nice paper but need extensive english editing however, we need the authors to write again the conclusion section. I should mention that it contains a novel data but needs more work on the text as I mentioned already.

### SPECIFIC COMMENTS TO AUTHORS

From this retrospective, single-centered study, the authors concluded that the D2 gastrectomy could be a safe and effective method as the multidisciplinary therapy of gastric cancer for those who responded well too chemotherapy. Characteristics of the

patients at baseline may be revised to include both under and over 60 years. Kaplan-Meier curves for the overall survival of all patients assessed by chemotherapy response of metastatic para-aortic lymph nodes may be revised to include the numbers of patients. Time points may be indicated in figure 4. Please re-check the whole manuscript carefully again.
