Fang-Fang Ji
Science Editor, World Journal of Orthopaedics

Dear Mr. Ji,

Thank you for allowing us to revise our manuscript *Neuromuscular Scoliosis and Pelvic Fixation in 2015: Where do we stand?* for consideration for publication in the World Journal of Orthopedics. We feel that the reviewer's comments have allowed us to produce a work that will be helpful to the pediatric orthopaedist who performs scoliosis surgery on patients with neuromuscular disease.

We welcome any further comment you or the reviewers may have. We look forward to moving forward with publication with your approval in the near future. Please find a point-by-point review of your commentary:
