<input checked="" type="checkbox"/> Grade D: Fair		
<input type="checkbox"/> Grade E: Poor	<input type="checkbox"/> Grade D: Rejected	<input checked="" type="checkbox"/> Rejection

JOURNAL EDITOR-IN-CHIEF (ASSOCIATE EDITOR) COMMENTS TO AUTHORS

Even if the manuscript did improve after answering the reviewers concerns, this is not a manuscript for World Journal of Transplantation. I do not understand why this manuscript has been proposed for WJT. It never deal with problems transplant related, but with problems related to dialysis patients. As editor in chief of WJT I do not suggest to publish this manuscript on WJT, but I suggest the editor to invite the authors to move it to World Journal of Nephrology. To be rejected from WJT
