## SPECIFIC COMMENTS TO AUTHORS

Dear Editor The authors present a patient treated for upper tract and bladder urothelial malignancies and colon cancer. Comments: 1. The grade of the urothelial tumors should be specified. 2. Why was intravesical chemotherapy given to T1 tumor? 3. What was the follow-up after the kidney removal? 4. Why do they state that the bladder cancer is a metastases of the kidney. 5. It is difficult to believe that a patient lived 6 years after being diagnosed with metastatic bladder cancer, without any treatment.
