		<input checked="" type="checkbox"/> No	

### COMMENTS TO AUTHORS

informative, well written and researched. well done. I think the figure legends and figures themselves could be improved. the legends are not usually written in the format of 'this figure shows' in scientific papers. in addition, the p values lack clarity, specifically in figure 2. what does the p value relate to? what statistical test was performed? please amend this, prior to my recommendation for publication.
