

Informed consent statement

Name Of Journal: World Journal of Psychiatry

ESPS Manuscript Number: 31964

Title: The Relation of Binge Eating Disorder with Impulsiveness in Obese Individuals

Systems: Observational Study

Statement in the title page clearly stating that all involved persons (subjects or legally authorized representative) gave their informed consent (written or verbal, as appropriate) prior to study inclusion. The volunteers participated in the study were asked to sign an informed consent form. It was clearly explained in detail that responses to scales provided by participants would not affect the surgical process. Approval of ethics committee of Bagcilar Training and Research Hospital was obtained for the study.
