Dear BPG Editorial Office,

**Re:** *Relative carcinogenicity of tacrolimus versus mycophenolate after solid organ transplantation and its implications for liver transplant care (manuscript number 90872)*

We greatly appreciate the constructive feedback of the peer reviewers and have addressed their comments as detailed below.

**Specific comments:**

***(1) Please provide the Figures cited in the original manuscript in the form of PPT. All text can be edited, including A,B, arrows, etc. With respect to the reference to the Figure, please verify if it is an original image created for the manuscript, if not, please provide the source of the picture and the proof that the Figure has been authorized by the previous publisher or copyright owner to allow it to be redistributed. All legends require a general title and explanation for each figure. Such as A: ; B: ; C: .***

**Response to comment 1:**

All Figures included in the manuscript are original creations. The figures have now been provided in PPT form and reformatted such that all components can be edited. The legends for all Figures comply with the journal guidelines.

***(2) Please obtain permission for the use of picture(s). If an author of a submission is re-using a figure or figures published elsewhere, or that is copyrighted, the author must provide documentation that the previous publisher or copyright holder has given permission for the figure to be re-published, and correctly indicate the reference source and copyrights. For example, "Figure 1 Histopathological examination by hematoxylin-eosin staining (200 ×). A: Control group; B: Model group; C: Pioglitazone hydrochloride group; D: Chinese herbal medicine group. Citation: Yang JM, Sun Y, Wang M, Zhang XL, Zhang SJ, Gao YS, Chen L, Wu MY, Zhou L, Zhou YM, Wang Y, Zheng FJ, Li YH. Regulatory effect of a Chinese herbal medicine formula on non-alcoholic fatty liver disease. World J Gastroenterol 2019; 25(34): 5105-5119. Copyright ©The Author(s) 2019. Published by Baishideng Publishing Group Inc[6]". And please cite the reference source in the references list. If the author fails to properly cite the published or copyrighted picture(s) or table(s) as described above, he/she will be subject to withdrawal of the article from BPG publications and may even be held liable.***

**Response to comment 2:**

All Figures included in the manuscript are original creations.

***(3) Please add the author's contribution section. The format of this section will be as follows: Author contributions: Wang CL, Liang L, Fu JF, Zou CC, Hong F and Wu XM designed the research; Wang CL, Zou CC, Hong F and Wu XM performed the research; Xue JZ and Lu JR contributed new reagents/analytic tools; Wang CL, Liang L and Fu JF analyzed the data; Wang CL, Liang L and Fu JF wrote the paper.***

**Response to comment 3:**

Author contributions have now been added according to the journal's guidelines.

***(4) Please add the Core tip section. The number of words should be controlled between 50-100 words.***

**Response to comment 4:**

The core tip has now been included according to the journal's guidelines.

***(5) Please provide the PubMed numbers to the reference list and list all authors of the references. If there is no PMID or DOI, please provide the website address.***

**Response to comment 5:**

The reference list has been edited and checked using the reference auto-analyser to include all the authors and PubMed numbers.

***(6) Authors are required to provide standard three-line tables, that is, only the top line, bottom line, and column line are displayed, while other table lines are hidden. The contents of each cell in the table should conform to the editing specifications, and the lines of each row or column of the table should be aligned. Do not use carriage returns or spaces to replace lines or vertical lines and do not segment cell content.***

**Response to comment 6:**

The tables have been edited according to the journal's guidelines.

Thank you again for your time and consideration.

Kind regards,

Dr Dorothy Liu
