

Language Revision Certificate

September 22, 2016,

To whom it may concern:

This memo certifies that one of our clients had contracted our academic editing service for the following file (s).

Title of manuscript: **Molecular mechanisms of apoptosis in hepatocellular carcinoma cells induced by ethanol extracts of *Solanum lyratum* Thumb through the mitochondrial pathway**

Date of language revision: September 17-22, 2016,

The English review is conducted using a two-stage process in which a junior editor first reviewed the file, after which a final or more thorough review was conducted by a senior editor. All our editors are native English speakers.

We would like to emphasize that our service is only targeted on grammar and language edits.

We do not rewrite or revise manuscript(s) in technical matter. If you feel certain points are incorrect, please feel free to direct our attention by contacting: Edit@proofread-edit.com

The track version is attached with this certificate for your reference.
