

Answering Reviewers

August 10, 2013

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 4027-revised.doc).

Title: Efficacy of switching to telbivudine plus adefovir in suboptimal responder to lamivudine plus adefovir

Author: Hana Park, Jun Yong Park, Seung Up Kim, Do Young Kim, Kwang-Hyub Han, Chae Yoon Chon, and Sang Hoon Ahn

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 4027

The manuscript has been improved according to the suggestions of reviewers:

1. Format has been updated according to the 'Revision Policies of BPG for ORIGINAL ARTICLES' and the modifications are in red text.
2. Revision has been considered according to the reviewers' suggestions which is to add comparison data of side effects between these 2 different combination therapies in Table 2 .
(1) However, as we mentioned in the result part, the patients in the both groups tolerated the treatment well without side effects. Because we had already showed the figures about the comparison of renal function between 2 groups, we decided not to revise Table 2.
3. Decomposable figures were added as the format of PPT format.

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Hana Park, M.D.
